

Low Carbon Environmental Goods and Services Sector Study 2024: Local Authority Short Report for Hinckley & Bosworth Borough Council

Commissioned by the Midlands Net Zero Hub, this report provides 2024 data of the LCEGS sector, updating the 2021 study.

1. Introduction

This document has been prepared to provide an overview summary of the LCEGS sector within this Local Authority. Reports on the wider picture of the MNZH region and Leicester County & Rutland County, including skills forecasts relevant to this Local Authority, and datasets are available [here](#). Additional detailed data is available from kMatrix; and further recommendations and details on areas of focus are available through the Climate Action Benchmarking study.

2. Current Activity Supporting the Growth of the Sector

Activity at the Leicester County & Rutland County level relevant to the wider geographical region:

- [Sustainable East Midlands](#) is a business support programme provided by East Midlands Chamber that gathers information and resources to help businesses in the region decarbonise, including networks, expert support, funding and grants.
- [Leicestershire Collaborate to Accelerate Net Zero \(LCAN\)](#) is a demonstrator project run by Leicestershire County Council to decrease the areas emissions and enable businesses and communities to increase sustainability. This includes identifying opportunities for decarbonisation, implementing cross-sector collaboration structures and implementing an advisory service to signpost available funding schemes, all of which drive activity in the LCEGS sector.
- Three universities in the region (Leicester, Loughborough and De Montfort) have sustainability hubs, offering support to LCEGS businesses, trialling green innovation and improving low carbon knowledge and skills.

- Funding has been secured to run skills [bootcamps](#) across four areas of green skills, including solar, agricultural skills, land management and green leadership. Local colleges have also gained funding to run short courses around emerging needs for employers, such as hydrogen technology, electric vehicles and sustainability leadership.

3. Recommendations

Recommendations for Hinckley & Bosworth Borough Council are:

- Work with nearby local authorities to develop a strategy to better work with local skills providers, education institutions and LCEGS businesses to ensure training and apprenticeships are available that address the specific skills gaps in the area. This work could include pooling funding.
- Utilise existing manufacturing and construction clusters such as the [East Midlands Manufacturing Network](#) to engage with energy-intensive manufacturing businesses and promote the benefits of the circular economy and low carbon technologies along the supply chain.
- Promote sustainable practices within the region's agricultural sector, focusing on evidence-based solutions such as AD, [BioChar](#) and Agri-Tech innovation. Recommendations can be taken from projects in surrounding regions, such as the work done by UK Food Valley in Lincolnshire to create low carbon agrifood clusters.
- Review procurement processes within local authorities and the wider public sector to prioritise local LCEGS businesses, encouraging sustainable practices across the supply chain. Shift focus from solely cost-driven decisions to those considering long-term environmental and social benefits.
- Contact the Midlands Net Zero Hub and request the supplementary booklet of additional data to provide further information and context to the LCEGS sector in your area.
- Large sub-sectors which saw stronger three-year growth in Hinckley & Bosworth than the UK average and are considered strengths are:

- Recovery & Recycling
- Waste Management
- Water Supply & Waste Water Treatment
- Alternative Fuels
- Energy Management

These are similar strengths to the wider Leicestershire & Rutland area, which also includes Alternative Fuel Vehicle, Building Technologies and Nuclear Power. The Leicestershire County & Rutland County report and dataset includes details of the skills gaps across Leicestershire & Rutland for each sub-sector, providing evidence to feed into local skills plans, ideally formed in collaboration with neighbouring councils.

4. Headline Figures for Hinckley & Bosworth

The headline figures for the Hinckley & Bosworth Borough Council area are:

- The LCEGS sector in Hinckley & Bosworth was worth £238m in 2023/24 and is forecast to grow to £374m over the next 5 years
- The LCEGS sector accounts for 5.9% of GVA, 2.8% of employment, and sales accounts for 6.6% of GDP in Hinckley & Bosworth
- Hinckley & Bosworth's LCEGS Sales generates 0.8% of the LCEGS Sales in the MNZH region, slightly lower than the 1.0% of total GDP contribution
- Hinckley & Bosworth's LCEGS GVA generated 0.8% of the MNZH's LCEGS GVA, slightly lower than the 1.0% total GVA contribution
- Hinckley & Bosworth's LCEGS employment accounts for 0.8% of MNZH's LCEGS employment, lower than its 1.2% of economically active people in the MNZH

5. Hinckley & Bosworth’s LCEGS Sector Key Metrics

Key metrics in Hinckley & Bosworth for each financial year from 2019/20 to 2023/24, with growth between years:

Hinckley & Bosworth	2019/20	% growth	2020/21	% growth	2021/22	% growth	2022/23	% growth	2023/24
Sales	£214.4m	-5.5%	£202.7m	3.9%	£210.7m	5.3%	£221.8m	7.4%	£238.3m
GVA	£168.1m	-5.4%	£158.9m	3.9%	£165.1m	5.8%	£174.7m	7.4%	£187.6m
# FTE Employees	1,644	-3.6%	1,584	4.0%	1,648	5.1%	1,732	7.4%	1,860
# Companies	97	-5.4%	92	4.2%	96	5.1%	101	7.6%	108

All metrics have recovered from the pandemic in 2020 and saw growth across the reporting period from 2021/22 to 2023/24.

6. Hinckley & Bosworth’s Sub-sectors Key Metrics

All twenty-four sub-sectors of the LCEGS sector have activity in Hinckley & Bosworth, with the 2023/24 values for Sales, GVA, FTE. Employees and number of companies in figure 1.

Figure 1: Sales, GVA, FTE Employees and number of companies in Hinckley & Bosworth in 2023/24 by sub-sector

The largest eleven sub-sectors account for 95% of sales, 95% of GVA, 95% of employment and 95% of companies in the LCEGS sector. These eleven sub-sectors are Wind; Building Technologies; Alternative Fuels; Photovoltaic; Biomass; Water Supply & Waste Water Treatment; Waste Management; Alternative Fuel Vehicle; Recovery & Recycling; Geothermal and Energy Management.

7. Hinckley & Bosworth’s Sub-sector Growth Compared with the UK

Sub-sectors that saw stronger growth in sales than the UK average between 2021/22 and 2023/24 for Hinckley & Bosworth include:

Sub-sector	Hinckley & Bosworth Sales 2023/24	Hinckley & Bosworth Growth 2021/22 to 2023/34	UK Growth 2021/22 to 2023/34
Air Pollution	£1.3m	13%	7%
Contaminated Land Reclamation & Remediation	£1.4m	13%	9%
Environmental Consultancy and Related Services	£1.8m	12%	11%
Recovery and Recycling	£12.8m	13%	11%
Waste Management	£16.5m	13%	8%
Water Supply and Waste Water Treatment	£19.0m	13%	5%
Additional Energy Sources	£2.0m	12%	10%
Alternative Fuels	£32.6m	16%	14%
Energy Management	£4.7m	13%	10%

Only sub-sectors contributing more than 1% of the total Sales in Hinckley & Bosworth have been included in this table.

Of the nine sub-sectors that grew stronger than the UK, Recovery & Recycling; Waste Management; Water Supply & Waste Water Treatment; Alternative Fuels; and Energy Management are also large sub-sectors and should be considered a strength of Hinckley & Bosworth.

8. MNZH Regional summary

Headline figures for the MNZH area are:

- The LCEGS sector in MNZH Region was worth £31.0bn in 2023/24 and is forecast to grow to £46.6bn over the next 5 years
- The LCEGS sector accounts for 7.4% of GVA, 4.2% of employment, and sales accounts for 8.3% of GDP in MNZH Region
- MNZH Region's LCEGS Sales generates 11.9% of the LCEGS Sales in the UK, slightly lower than the 12.4% of total GDP contribution
- MNZH Region's LCEGs employment accounts for 15.5% of the UK's LCEGS employment, lower than its 16.8% of economically active people in the UK
- Net Zero 2030 targets are expected to require between 30,192 and 146,162 FTE employees in addition to those employed now in the MNZH region
- Net Zero 2050 targets are expected to require between 263,907 and 727,184 FTE employees in addition to those employed now in the MNZH region
- The MNZH region's LCEGS sector could generate up to 727,184 jobs between 2023/24 and 2050*
- Between 2019/20 and 2023/24, Investment in R&D for the LCEGS sector has varied, but is now similar, shrinking slightly from £2.2bn to £2.1bn for Private Equity Investment; being £3.6bn for Venture Capital Investment for both years; and increasing slightly from £4.9bn to £5.2bn for Other Investment.
- Exports in the LCEGS sector for MNZH Region have increased from £2.8bn in 2019/20 to £3.2bn in 2023/24.

*The majority of increase from 2030 targets due to additional 20 years of wider economic growth

9. Leicestershire County & Rutland County summary

Headline figures for Leicestershire County and Rutland County are:

- The LCEGS sector in Leicestershire & Rutland was worth £3.3bn in 2023/24 and is forecast to grow to £5.0bn over the next 5 years
- The LCEGS sector accounts for 7.1.% of GVA, 4.3% of employment, and sales accounts for 8.1% of GDP in Leicester & Leicestershire
- Leicestershire & Rutland's LCEGS Sales generates 11.0% of the LCEGS Sales in the MNZH region, slightly lower than the 11.3% of total GDP contribution
- Leicestershire & Rutland's LCEGS GVA generated 11.0% of the MNZH's LCEGS GVA, slightly lower than the 11.4% total GVA contribution
- Leicestershire & Rutland's LCEGS employment accounts for 10.8% of MNZH's LCEGS employment, lower than its 11.0% of economically active people in the MNZH
- Net Zero 2030 targets are expected to require between 1,835 and 14,290 FTE employees in addition to those employed now in Leicestershire & Rutland
- Net Zero 2050 targets are expected to require between 35,845 and 77,992 FTE employees in addition to those employed now in Leicestershire & Rutland
- Leicestershire & Rutland's LCEGS sector could generate up to 77,992 jobs between 2023/24 and 2050*

- Exports in the LCEGS sector for Leicestershire & Rutland have increased from £318m in 2019/20 to £361m in 2023/24.

*The majority of increase from 2030 targets due to additional 20 years of wider economic growth

10. Example Companies in Hinckley & Bosworth

Examples companies in Hinckley & Bosworth.

Note: Some or all of the company's activity and employment are either currently in the LCEGS sector or have the potential to be. In some cases, turnover and/or employment may include activity in other locations.

Company Name:	Druck Limited
Web:	https://www.bakerhughes.com/druck/industry/hydrology-industry
Turnover:	£116m (globally)
Employees:	657 (globally)
SIC Codes:	Manufacture of electronic instruments and appliances for measuring, testing, and navigation, except industrial process control equipment
Additional Products and Services:	Sensors for Water and Wastewater industries
About the company:	“Monitoring the quality and quantity of surface and ground water: The natural water environment is both hostile and remote. Reliability is critical to quality data collection, particularly when power is in short supply and service is expensive. High quality drinking water is a valuable resource. Managing this essential asset requires precision instrumentation across the entirety of the drinking water network. In waste water management you must have confidence in the durability of your instrumentation. When faced with unpredictable content and a challenging environment, robust construction is key for reliable data collection.”

Company Name:	A R Demolition Limited
Web:	https://www.ardemolition.co.uk/
Turnover:	£12.9m (included non-LCEGS)

Employees: Fifty
SIC Codes: Site preparation
Additional Products and Services: Site Reclamation
Wate Management
Asbestos Removal
Noise and dust suppression
Environmental monitoring
Recycling

About the company: “AR is a family business, founded on a set of simple values; integrity, trust, reliability and a dedication to providing our customers with industry-leading service. Through a client focused approach, always going the extra mile for our customers, we endeavour to take our service just that extra step further.

AR, The Enabling Partner, has divisions in demolition, special projects, specialist engineering, plant and logistics and recently introduced a local division. AR operate a group structure consisting of MRM Group Ltd trading as AR Group, AR Deconstruction & Demolition (AR Demolition Ltd), AR Plant & Logistics (AR Plant Ltd) and our sister company Aggreccycle (AR Aggregates Ltd).

AR employs a highly experienced, dedicated and enthusiastic team, capable of delivering on the most challenging and complex of projects. Investment both in our personnel and the latest technology combined, allows us to provide an exceptional service.”
